Tara, the report covers the activities of the BID. If the BID did absolutely nothing from April to June, you can state that in the report. If there were no expenditures because there was no revenue, you can state that in the report.

For the 2nd Quarter 2017, we had no revenue so no report should be required.

We will submit 3rd and 4th quarter reports.

No worries.

FYI: We have not received any quarterly reports or newsletters. The contract was executed and effective on May 31, 2017 so the first report required covers the 2nd quarter and was due July 31 for April - June. The 3rd quarter report was due October 31, 2017 and the 4th quarter on January 31, 2018. You'll need to submit the 2nd and 3rd quarter reports and any newsletter or notification that went out to your stakeholders for each of those quarters.

I've attached a template in case you need one.

Thanks.

Rita

Thank you very much for checking up on that. Sorry for any confusion.

After reading this reply, I am beginning to suspect that it's what I named the file when I saved the last City transmittal (I like file names that tell me what something is without having to open the file, so I have a tendency to rename meaningless file names, such as those that are the default names/numbers assigned by many systems and PDF scans, etc. The funny thing is that I thought it was an actual report name (I have no recollection of so renaming it.) I spent 10 years in government, so it figures that I would name it something that sounds like an official report, and then before emailing you, I went to see what it was named so I could be precise in asking for it. Ha.

Sorry for the confusion - accidental!

Tara,

It looks like the EFT has been set up and you should be receiving a transmittal this week. I'm not sure what the Assessment Revenues Available Report is. I've asked our billing and accounting sections and neither one has a report with this title. Can you give me more information?

Thanks.

I wanted to follow up to see:

- 1) if the ACH/EFT transfer setup is now complete
- 2) if any 2018 revenues are available for invoicing (I haven't seen an Assessment Revenues Available Report, and am unsure of the timing of its issuance)

Thanks!

Thank you, Rita, for identifying that. I have very complete files, but couldn't locate a vendor #. If you email it to me when you identify it, I'll add it to my files so I have it for the future -- in case it's needed again.

The first attachment is the executed form. I am authorized to execute this form on behalf of VBPOA. Our Board President, Mark Sokol, and Treasurer, Steve Heumann, are cc'd here as you suggested.

The second attachment is from our bank. They asked me to furnish it to anyone who is ever doing an ACH transfer to us. It's mostly duplicative to the City form, but kindly attach it to the form as it does contain a little extra information that might be important (please see the highlighted line.)

Thank you very much. Please let me know if you need anything else to process this.

I've combed our docs, but am having trouble locating our vendor #. (I have our contract # but I doubt it is the same.)

If you provide it, I will add it to our files.

Hi Tara,

If you want to sign for the BID, after completing the form, please send it to me electronically letting me know that the original hard copy will be sent via USPS or dropped off or whatever and together with a voided check, and copy the president / chair of the board and the treasurer.

I will keep the email as proof of authority to set up the EFT.

Thanks.

The form says authorized principal signature. I am authorized from the Board's POV as their official Interim CEO.

Am I authorized from the City's perspective or does it require Board execution?

Hi, Rita:

I wanted to loop back with you and get the paperwork to set things up so that future Venice Beach BID assessment revenue can be received via EFT transfer rather than check.

Please send me the form(s) and any instructions when you have a chance.

Thanks, and have a great weekend!

Warmest regards,  
Tara
